The pupils receive daily lesses, and, by the aid of the normal class, in which your lates may qualify themselves to become accomplished teachers of the language, the juvenile department has succeeded beyond the expectations of the trustees. DENTISTRY, OR DENTAL SURGERY.—

Der. Van Patten continues at his pleasant and central location (a few doors west from Brown's and Coleman's hotels.) He pledges himself to perform any and every operation appertaining to his profession, as successfully, and with as little pain, as can be done in any of the eastern cities.

He inserts teeth of any desired shade or size, with or without gums, singly or in full sets, as cases may require; and usually secures them to the gums by that most cleanly and comfortable principle of atmospheric pressure. Yet, being fully completent to apply every known principle, his patients shall always have the benefit of the mode best adapted to the condition of their mouths.

Having been long established in Washington, he deems it unnecessary to expose patients' names for reference, but would suggest to strangers that they inquire of citizens.

N.B. No charge for work that should come short of what was promised in the contract, nor ever any charge for repairing, or even renewing, his work.

PATENT GALVANIC RING, AND MAGNATION RETIC FLUID.—These wonderful Rings, and the Galvanic Pluid, have created a great sensation throughout Europe, and are attracting crowds to see them, both in New York and Boston. They care with astonishing rapidity rheumatism, gout, tic-doloreux, fits, creamp, sick headache, indigestion, paralysis, stiff joints, general debility, deficiency of nervous energy, and all nervous disorders. They produce all the beneficial results of the ordinary galvanic battery, or electric and magnetic machines, without the injurious shocks which always accompany their application. The secret of preparing the Ring was discovered by Professor Harmance Christic, of London, in October last, and they have been recently introduced into this country by Dr. A. Christic, who warns the Amesican public, from the beginning, to beware of spurious imitations. To guard against fraud, he will appoint but one agency in each of the cities of the United States.

DR. SWAYNE'S COMPOUND SIRUP OF WILD CHERRY,

OF WILD CHERRY,

The great remedy for consumption, colds, coughs, spitting of blood, bronchitis, difficulty of breathing, asthma, pain in the side and breast, whoopings—cough, croup, and all diseases of the liver—and langs, broken constitution, &c.

THE above is the original and only genuine preparation from this valuable tree, and har won its way to public favor by its unparalleled success in curing all diseases of the lurge, notwithstanding the many articles prepared by persons who have no knowledge of the science of medicine, in theory or practice; and some, more readily to deceive the unsuspecting, use a part of the name of the original preparation, such as "balsam of wild cherry," "Phornix balsam of wild cherry," "balsam of wild cherry and camfrey," &c.—all sprung up with a mercenary view, after Dr. Swayne's compound sirup of wild cherry had won a reputation in the healing art never to be forgotten by many a once cheeriess freside. Therefore the public should be on their guard, and purchase none but the original preparation, which we do no a respective such as the desire and a such a su

is deemed unnecessary. Below we publish a few of the names of persons who have been cured by this wonderful remedy:
Robert Glenn, steward of the almshouse near Frankford, testifica to the efficacy of Dr. Swayue's compound airup of wild cherry, in curing Yalentine Chapman, one of the most aggravated cases of diseased lungs which has ever been placed upon reford, after every other remedy had failed, and his physician had given him up as incurable.

Mrs. Brown, corner of Second street and Germantown road, Philadelphia, effectually cured of diseased lungs and the symptoma of incipient consumption, by using four bottles of Dr. Swayne's compound sirup of wild cherry.

R. Jackson, D. D, formerly paster of the first Presbyterian church, New York, testifies to the efficacy of Dr. Swayne's compound sirup of wild cherry, and recommends it to the heads of families, having witnessed its wonderful effect in more than one hundred cases, in relieving children of every obstinate complaint, such as coughing, wheezing, choking of phlegm, asthmatic attacks, &c.

Abraham Skinner, Crawford county, Pennsylvania, cured of a protracted cough, pain in the side and breast, &c., after being reduced to a mere accleton.

James Osburn, Washington, Pennsylvania, cured

and breast, &c., after being reduced to a dieter ton.

James Osburn, Washington, Pennsylvania, cured of consumption and bleeding of the lungs, after being given up by several eminent physicians, and having used most of the patent medicines.

This medicine, in all cases, gives immediate relief, and is a aste, pleasant, and effectual remedy, and worth a trial from the most skeptical.

SAM'L STETTINIUS, Agent.

\$100 REWARD.—Ran away from the subscriber, on the night of the 13th inst., a mulatto boy, named WILLIAM, alias William Savage Shackelford. Soid boy is about 17 years old, bright complexion, sandy colored curly har, hazel eyes, flat nose, square built, shout 5 feet 4 or 5 incheshigh. He has no beard, and is remarkably intolingent: alpeaks very correctly, and has quite a pleasing address. He can read and write with facility, and, no doubt, has a free pass. He had on when he went away a gray cloth roundabout, cloth cap, light colored carsiners postelones with the straps cut off, and boots. He was raised in Virginia, by the late Beverly Heath, esq.; and, as I have reason to believe he has a considerable sum of money, he may attempt to make his way to a free State. I will give the above reward for him, and sufficient proof to convict any white person in aiding him to escape; or twenty dollars for the boy alone, if confined in any jail so that I can get him.
